36 Years of experience in developing aviation careers.

Founded in 1979, under the name of Aerocondor, we have over 35 years of experience in aviation. Our training centres have trained thousands of Pilots, Maintenance Technicians and other aeronautical personnel.

In 2013, we became part of the G Air Group, merging into a €50 million investment plan towards the launch of an unique aviation centre.

G Air has several training bases worldwide, able to offer a wide range of training packages. As of 2014, we operate in Angola, Dubai, Italy, Mozambique, Oman, Portugal and Spain.
